delivering high-quality nursing education and leadership excellence, SUCNAAI continues to provide education and training through Balik Talent lectures, research initiatives, workshops and symposia at Silliman University, which are attended by the various nursing colleges locally and nationally. Here are some of the many SUCNAAI initiatives thus far:

- Dr. Kayla Fisher, MD. JD, DFAPA, Medical Director, California Patton State Hospital, Forensic Private Practitioner, Clinical Professor of Psychiatry, University of California, Riverside, and an adjunct clinical professor in Psychiatry at California Baptist University (CBU), provided a university general education integrative learning lecture series titled "Evaluating Perilous Belief" on November 28, 2016.

- The memorandum of understanding between CBU's Vice President for Global Initiatives Dr. Larry Linamen and Silliman University President Dr. Ben S. Malayang III, which aims to build a partnership that includes academic and educational exchange, research collaboration, and lectures and symposia, was signed on November 29, 2016. This partnership was formed through the initiative of the SUCNAAI under its Program of Leadership Excellence in Nursing (POLEN).
- During the 70th College of Nursing Week celebration in February 2017, faculty nurses from the California Baptist University, through SUCNAAI and SUCN under the POLEN program, provided another workshop and training on basic life support and also donated two CPR mannequins.

- Lastly, on May 2017, in partnership with CBU and the Dumaguete City and Negros Oriental Disaster Risk Reduction and Management offices, SUCNAAI and SUCN under the POLEN program conducted a seven-day IPE training program of “Leadership in Disaster & Emergency Management in the Worst Conditions”. This training program was concluded with an earthquake disaster simulation segment to the delight the interest of participants & onlookers alike. The participation of the City & Provincial Risk/Disaster Division personnel greatly enhanced the attempted realty-like simulation of the training situation.

SUCNAAI continues to encourage all overseas Silliman University College of Nursing alumni to join and support the organization’s mission and vision of delivering high-quality nursing education and making a difference in developing sound up-to-date nursing practices and improving health outcomes nationally and globally. Together, we can make a difference!

For membership information, please contact Milva Galicano Quial, president, at quialncp@aol.com.
